

YOUR CHALLENGE

Fun Math's Puzzles

Today we have multiple fun maths challenges for you to complete – enjoy and why not make your own instead of printing!

Maths is fun

Puzzle 1

Yellow Square

Puzzle 1

Yellow Square

[illegible]

Puzzle 2

Maths Prize

Every year, the Math's prize is awarded to the pupil who produces the best piece of work.

Last year, there were seven pupils competing.

Alice was as many places above Dean as Frank was below Ben.

Dean and Claudette's places were even and Frank's was odd.

Eleanor was below Frank and Ben was below Dean.

The name of the other child was Peter.

Find the order in which they finished. Write the names below.

1.	5.
2.	6.
3.	7.
4.	

Puzzle 3

Double up !

6	12	9	18	15	30
	16	13	26		46
11	22		38	35	
12		21		29	
9					
					94

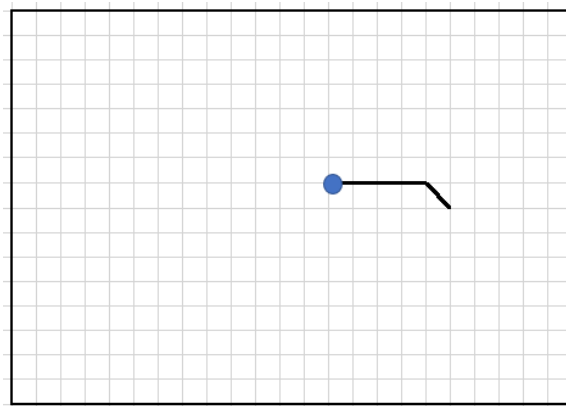

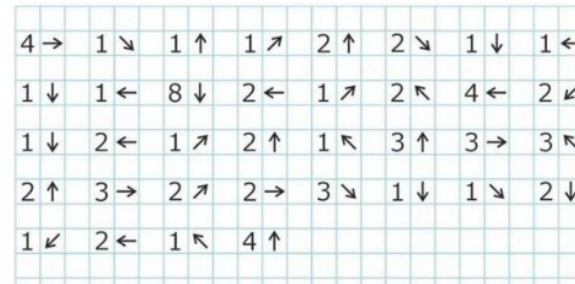

Puzzle 4

Follow The Instructions

Create a grid 16 squares tall and 23 squares wide.

Add a dot at coordinate (13,9) then follow our pattern and see what you create.

We have started your drawing off to give you a head start.
