

YOUR CHALLENGE

Create A picture puzzle

STEP 1

Gather Your Materials

 Cardboard

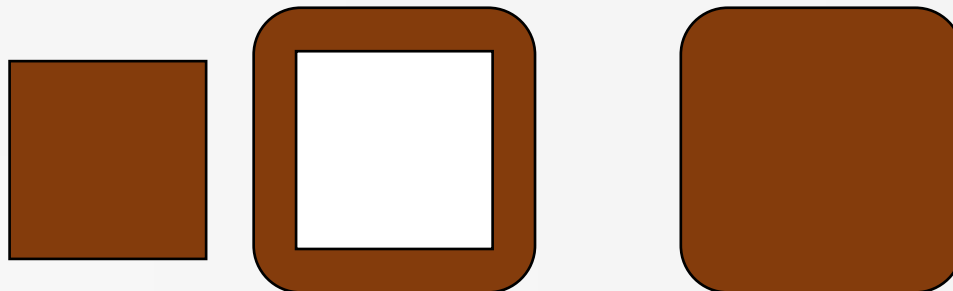

STEP 2

Cut your cardboard

Cut out 2 squares from cardboard

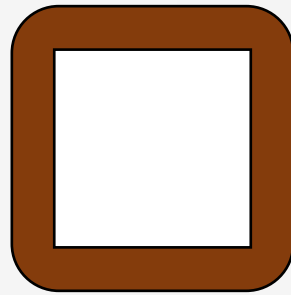

Cut out a small square from one of the cardboard squares

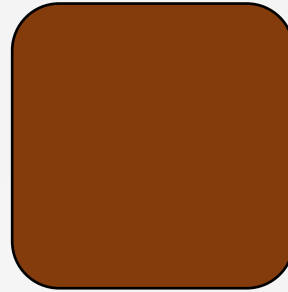

STEP 3

More Cardboard Work

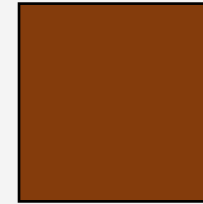

Stick Parts A and B together

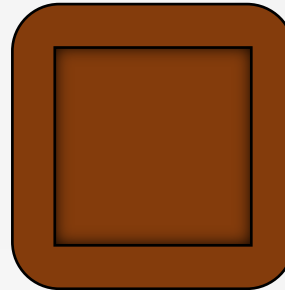

A

B

C

On part C draw a 3 x 3 grid

1	2	3
4	5	6
7	8	9

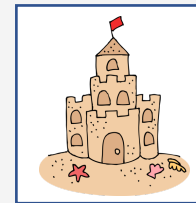

STEP 4

Draw your Picture

Cut paper to the size of your 3 x 3 grid and draw a picture

NOTE: the top left square of your picture will not be in your final puzzle so try to leave it blank

1	2	3
4	5	6
7	8	9

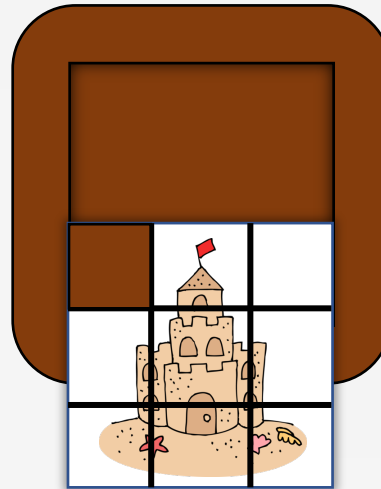

Stick your picture to the back of your 3 x 3 grid

Cut along all the lines so you are left with 9 squares

STEP 5

Assemble your puzzle

Add 8 of your squares into your frame in a random order.

Solve your puzzle by sliding the squares around your frame

Send us a picture of your project
