25th January 2021

Dear Parent /Guardian

Catholic School's Week 2021 **is celebrated this week!**

The theme this year is

“Catholic Schools : Communities of Faith and Resilience”.

At present as we are living through an unprecedented time we recognise that many challenges confront us daily. Now more than ever our faith, support and care of our whole community is very important and helps us to cope every day.

We continue to pray with our children and this really unites us even though we are not all together in School. Please continue to say the Pandemic Prayer with your family.

If your child/ren have some time this week, they could draw or paint pictures reflecting the theme of Catholic Schools Week – people helping one another during the pandemic.

The link below gives you more information on Catholic School's Week.
