Principal: Mrs Mary McNeice

February 12th 2021

Dear Parents/Guardians,

As we near the February mid- term break I want to recognise the efforts of everyone during this recent period of remote teaching and learning. Teachers, parents and children have worked hard together engaging in the Seesaw platform, participation has been excellent. Nothing replaces face to face teaching in class where the children learn with their peers but together we have done our best and I am very pleased with the progress made.

Children who have attended school for supervised learning have also worked hard and I want to praise our Classroom Assistants for their commitment to this.

During this time, I have been mindful of the mental well- being of everyone and I have focussed on doing the best for Staff, pupils and parents in meeting the challenges of this unprecedented time.

It is important now that everyone has a break to unwind and gather energy for the new half term.

Enjoy some quality family time and stay safe.

Mrs McNeice
Principal
